Asst. Prof. Chanintorn Chalermsuk
From Southeast Asia University

ABOUT ME

As a **Junior Developer** & Teaching Assistant, I am committed to leveraging my technical expertise to contribute to **Thailand's IT workforce**. I actively seek challenges that foster professional growth and aspire to drive the tech industry forward with creativity. I am highly adaptable, **eager to master new technologies**, and **ready to learn whatever is necessary** to meet organizational goals whenever opportunities arise.

EXPERIENCE

Freelance Teaching Assistance — ***Jun 2023 - Present***

(NSTDA , Trainocate, 9Expert , Boston Network, etc.)

- Assisted in delivering IT workshops on **AI integration and MS365 Cloud**, specializing in productivity via **Generative AI and Prompt Engineering.**
- **Managed technical operations and real-time troubleshooting** for cloud tools, empowering users to leverage AI-driven features for automated workflows.

Intern Developer and Tester — ***Jun 2025 - Aug 2025***

(Government Savings Bank)

- Developed enterprise solutions via **Power Apps & Power Automate**, integrating **SharePoint** to automate inventory and data workflows.
- Managed technical inspection and **UAT for 2 cycles** of outsourced inventory systems, ensuring data integrity and institutional IT compliance.

Mobile App Developer – 'พุทธรรม' — ***Sep 2024 - Oct 2024***

(Southeast Asia University)

- Developed **Flutter** UI/UX to display complex Buddhist texts, implementing **HTML**-tag rendering and paginated content for improved readability.
- Implemented customizable reading features, including dynamic font scaling and systematic organization of extensive Dhamma dictionaries.
